

WHO WE ARE

Trinity Nuclear Management Group, Inc. is a New Mexico small business delivering nuclear project management, project controls, waste disposition, and environmental remediation to DOE, DoD, and private nuclear programs. Founded by a DOE Q-cleared principal with 25+ years in the nuclear industry and 18+ inside Los Alamos National Laboratory, Trinity pairs hands-on field credibility with an AI-native operations layer — Oracle Primavera P6 and Claude working cost, schedule, and risk in real time — and builds the project software its own managers use.

CORE COMPETENCIES

- Nuclear project management
- Earned Value Management (EIA-748)
- Project scheduling & controls (P6)
- Risk & opportunity analysis
- Program management planning
- Nuclear waste disposition & characterization
- TRU / LLW / MLLW waste management
- D&D — Hazard Category 2 facilities
- DOE facility authorization-basis management
- Radiological controls & safety operations
- Environmental remediation & compliance
- Contract & stakeholder management
- Glove box design & fabrication support

DIFFERENTIATORS

Senior-led, principal-level ownership

No layered escalation — the person who scopes the work does the work.

EVMS that survives the review

DOE O 413.3B capital-project controls, variance narratives, and baseline-change discipline.

Los Alamos depth

Decades on-site across TA-55 programs, legacy cleanup, plutonium infrastructure, and LLW/MLLW disposition.

AI-native project controls

P6 + Claude on every engagement; Trinity Sentinel runs offline inside a customer boundary with no data egress.

PRINCIPAL EXPERIENCE (PRE-TRINITY)

- Program Manager, ARIES program at TA-55 supporting the Weapons Division — LANL
- Acting Project Director & Project Management Lead, LANL legacy cleanup contract (N3B) — four years
- Project Manager, Plutonium Infrastructure and Capital Projects Division — LANL
- LANL subject-matter expert for low-level waste — storage, handling, and disposition of LLW / MLLW

COMPANY DATA

LEGAL NAME	Trinity Nuclear Management Group, Inc.
STRUCTURE	Corporation • New Mexico
SIZE	Small Business (self-certified)
UEI	JXLHYSWM1AR9
CAGE	22FY1
SAM.GOV	Registered • active
LOCATION	White Rock, NM 87547
TEAMING	Prime or subcontractor

NAICS CODES

541330	Engineering Services
541611	Management Consulting Services
541690	Other Scientific & Technical Consulting
541715	R&D — Physical, Engineering & Life Sciences
561210	Facilities Support Services
562910	Environmental Remediation Services
237130	Power & Communication Line Construction
541990	Other Professional, Scientific & Technical
236220	Commercial & Institutional Building Construction

PROJECT SOFTWARE, BUILT BY PROJECT MANAGERS

Trinity Sentinel

PILOT-READY • FROM \$1,800/USER/YR

Project-controls platform for Primavera P6 programs — calendar-aware critical path, DCMA 14-point and GAO checks, EIA-748 earned value, AI-drafted variance narratives. Runs offline; a person approves every change.

Trinity Forge

IN DEVELOPMENT

Nuclear cost-estimating system of record — WBS-driven bases of estimate, AACE class tracking, risk and contingency, approvals, bid packages.
